

IC4C SharePoint Digests

December 2025

Discover IC4C SharePoint (China version of Showpad) update. Our goal is to equip you with the most up-to-date collateral and resources for your self-learning and customer engagement.

Platform and Product

Take full advantage of "Back on Service" campaign and promote EA to upsale software.

The "Back on Service" campaign will end on March 31st, don't let your customers miss the window to upgrade their perpetual software licenses. In addition, please take the time to learn how EA works, since it contributes significantly to software revenue.

Everything you need for DAQ is ready.

All DAQ-related files have been collected, including a golden slide deck, white papers, competitor analysis reports, WeChat promotion links, and detailed introduction slides for each DAQ product category. All materials are in Chinese.

Check out Nigel advanced techniques.

We have a new demo with videos and slides that you can leverage to show how to build an application from scratch with Nigel's help.

One-page slides featuring China sales success stories are available for internal use.

Success stories are collected from the sales team on a quarterly basis.

Customer Training Materials

Multiple user group events were held this month, and all corresponding slides have been well archived.

Check out the slides used for AVIC, CSCC, MPS, CAS, Schneider, KHAT, and FAW to better prepare for your customer visits.

"Getting started with NI cDAQ + NI FlexLogger" series videos are available with Chinese subtitle.

These materials are great for helping customers understand what they can build with cDAQ and FlexLogger.

The latest version of the VeriStand training slides is available.

A set of 14 VeriStand PowerPoint files can be used for VeriStand training.
